

# International Top Talent

**International Top Talent** is looking for

## **PhD Graduates for Consultancy positions at Top Management Consulting Firm**

### **Location: Shanghai or Beijing**

You will join a Top Management Consulting Firm, entering a team of the world class specialists. You will be based in Shanghai or in Beijing spending most of your time working at the client's location. You will travel nationally working across the industries and functions. You will be working independently as well as in the team of consultants contributing to the client's solution. You will become a part of the company culture that celebrates the high-performance and continuous learning.

### **Your responsibilities:**

- Identify and analyze client's problems, i.e. collect information in form of questionnaires, interviews, and analyzing excel data,
- Apply a broad range of creative problem-solving skills, combining technical and analytical excellence to help solve the client's problem
- Responsible for a given workstream focused i.e. either on specific function (i.e. marketing) or industry (i.e. competitor analysis)
- Synthesize conclusions into recommendations and work directly with senior client leaders to implement change

### **Are you the one we are looking for?**

- You are a PhD student (preferably graduating between June 2012 and March 2013)
- You will obtain the degree in science, mathematics, statistics, physics, finance, medical science, healthcare, engineering or other
- You are fluent in both Chinese Mandarin and English
- You are proactive in your work, you take ownership of the tasks
- You have excellent analytical skills, you are creative and practical in your approach
- You are clear and open in your communication and bring energy to the team

### **Benefits**

You will receive an excellent salary and benefits. You will receive training in consultancy skills and regular trainings related to your function. You will join a clear and fast paced promotion scheme and will be provided with excellent development opportunities.
